PROFESSIONAL SUMMARY

Driven Computer Science & Engineering undergraduate at Raj Kumar Goel Institute of Technology with expertise in Python development, Advanced SQL database management, and Generative AI concepts. Recognized for hands-on technical achievements through certifications from Google Cloud, HackerRank, and Tata, along with a live personal portfolio project. Passionate about engineering intelligent software systems and analytical data solutions.

EXPERIENCE

Data Analytics with AI Intern — IBM SkillsBuild / CSRBOX (Aug 2026 – Present)

- Shortlisted for the IBM SkillsBuild Academic Internship focusing on AI-driven data analytics and cloud solutions.

TECHNICAL SKILLS

- Programming Languages:** Python (Intermediate), SQL (Advanced), HTML5
- Databases & Storage:** MySQL, Relational Database Management Systems (RDBMS)
- AI & Data Analytics:** Generative AI, Large Language Models (LLMs), Exploratory Data Analysis (EDA)
- Developer Tools & Platforms:** Git, GitHub, VS Code, Google Cloud Platform (GCP) Fundamentals

EDUCATION

Raj Kumar Goel Institute of Technology (RKGIT) — Ghaziabad, UP

Bachelor of Technology (B.Tech) - Computer Science & Engineering (Expected Grad: 2030)

Little Flower School (LFS) — Harraiya, UP (CBSE Board)

Senior Secondary (Class XII) - Physics, Chemistry, Mathematics, Computer Science

Secondary School (Class X)

PROJECTS

GenAI-Powered Text-to-SQL Analytics Dashboard | Tech Stack: Python, Groq API (Llama 3.3), Streamlit, MySQL, Pandas, Plotly

- Architected and deployed an enterprise-grade AI data assistant using Python and the Groq SDK (Llama-3.3-70b-variant), transforming conversational English business queries into optimized MySQL statements.
- Engineered a custom database security guardrail to intercept and block destructive queries (DROP, DELETE), protecting data integrity.

Personal Developer Portfolio Website | Tech Stack: HTML, Git/GitHub, GitHub Pages

- Architected and deployed a personal developer portfolio hosted on GitHub Pages to showcase technical projects, skills, and industry credentials.
- Implemented clean UI architecture, responsive design principles, and structured sections for seamless presentation of technical capabilities.

CERTIFICATIONS & VIRTUAL EXPERIENCE

Tata – GenAI Powered Data Analytics Job Simulation — Forage (August 2026 | Credential ID: 6a7611c4fb673cc13dbe6cc2)

Google Cloud Generative AI Learning Path — Google Cloud (August 2026)

SQL (Advanced) Certificate — HackerRank (August 2026 | Credential ID: 48E18023CCB9)

Python (Basic) Certificate — HackerRank (August 2026 | Credential ID: 93CB1748E177)
